

Kayoung Shin

Ph.D. Candidate in Information Systems
Nanyang Business School, Nanyang Technological University
SHIN0027@e.ntu.edu.sg

Education

Nanyang Technological University Ph.D. in Management Information Systems, Nanyang Business School	Aug 2023–Present
Seoul National University M.S. in Management Information Systems, Business School	Mar 2021–Aug 2023
Hongik University B.A. in Business Administration, Business School	Mar 2005–Feb 2011

Research Interests

Tokenomics: Blockchain, cryptocurrency, tokenization, fintech, games, and platform governance

Generative AI & Productivity: Technology adoption, individual-level productivity, and behavioral simulation

Journal Publications

- **Kayoung Shin**, Moonkyoung Jang, and Jaeyeon Jeong (2022). “The Effect of Digital Transformation on SMEs Using O2O Platforms: Focusing on Customer Engagement.” *Asia Pacific Journal of Information Systems*, 32(3), 580–600.

Working Papers

Tokenomics

- **Kayoung Shin**, Hyeokkoo Eric Kwon, and Anindya Ghose. “Money for Fun or Fun for Money? How Financial Rewards Reshape Hedonic Service Engagement.”
Final revisions for journal submission.
- **Kayoung Shin**, Moksh Matta, Hyeokkoo Eric Kwon, and Alok Gupta. “Stabilize or Destabilize User Contributions? Token-Based Ownership under Legitimacy Shocks.”
Final revisions for journal submission.

Generative AI & Productivity

- **Kayoung Shin**, Jaecheol Park, Sihan Fang, and Hyeokkoo Eric Kwon. “Who Captures the Gains from Generative Artificial Intelligence.”
Final revisions for journal submission.
- Jiayun Mo, Jaecheol Park, **Kayoung Shin**, and Hyeokkoo Eric Kwon. “Information, Representation, and Inference: The Boundaries of Large Language Model-Based Behavioral Simulation.”
Extended analyses in progress.
Selected materials: Media coverage (*The Straits Times*)

Conference Papers and Presentations

- **Kayoung Shin**, Moksh Matta, and Hyeokkoo Eric Kwon (2026). “Stabilize or Destabilize? Token-Based Ownership under Legitimacy Shocks.”

 - *Korean Chapter of the Association for Information Systems (KrAIS) Post-ICIS Workshop*, Copenhagen, Denmark, Dec 2022.
- **Kayoung Shin** and Byungjoon Yoo (2021). “The Effect of Visual Information on Performance in O2O Platform: Focusing on the Dual-Processing Theory.”
 - *Korea Society of Management Information Systems (KMIS)*, Seoul, Korea, Jun 2021.

Teaching Experience

Nanyang Technological University

Aug 2026–Present

Instructor, AB1202 Statistics & Analysis

- Lead weekly seminars on probability, statistical inference, and R-based data analysis for 38 undergraduate students.
- Prepare teaching materials, guide tutorial problem-solving, provide individual consultations, and advise students on group projects.

Freelance Lecturer

May 2020–Present

Business Report Writing

- Delivered professional development courses on business report writing and workplace communication to employees at major Korean companies, including Samsung, Hyundai, KB Financial Group, and GS Retail.

Selected materials: [Video](#) | Media coverage (*Economy Chosun*)

Honors, Awards and Funding

NTU Research Scholarship, Nanyang Technological University

2023–Present

Employee of the Year, Kakao Corporation

2018

Selected as one of 17 top performers among 2,700 employees; received the highest performance rating in the Office of the Chief Financial Officer among more than 100 colleagues.

Fellow, Hongik University

2005, 2007, 2008

Academic Service

Ad Hoc Reviewer

Journals: *Information & Management*; *Asia Pacific Journal of Information Systems*

Conferences: International Conference on Information Systems; European Conference on Information Systems; Pacific Asia Conference on Information Systems

Book

- **Kayoung Shin** (2022). *Business Writing: A Practical Guide*. MegaStudyBooks, Seoul, Korea.

Consulting and Data Analysis Experience

Kyobo Life Insurance

Jan 2022–Aug 2022

Student Research Team Leader | Digital Marketing Strategy Project

- Developed a market segmentation and data integration strategy based on customers’ digital activities.
- Coordinated collaboration among company practitioners, four faculty members, and a team of six students.

Naver

May 2021–Dec 2021

Student Research Team Leader | Naver O2O Platform Valuation Project

- Conducted an economic valuation of Naver Smartplace, focusing on its impact on small and medium-sized enterprises. [Project output](#)

Naver

Jun 2021–Jul 2021

Student Research Team Leader | A Study on the Economic Effectiveness of the Revision of the Online Platform Fairness Act and the E-Commerce Act

- Assessed the economic effects of legislative revisions on shopping platforms, including domestic market spillovers and reductions in consumer surplus, using case studies and a story-simulation approach.

Professional Experience

Kakao Corporation

Jan 2016–Jun 2021

Corporate Financial Planning Partner

- Analyzed financial data and prepared reports for senior management.
- Developed and reviewed annual business plans and implemented risk management strategies to support financial targets.
- Forecasted short-, medium-, and long-term profits using cost and sales estimates across blockchain, advertising, fintech, and commerce businesses.

Account Manager — Jul 2014–Jan 2016

- Developed B2B partnership models for fintech services, established sales policies, and proposed business process improvements.

SK Planet Corporation

Dec 2012–Jul 2014

Product Manager

- Developed new business opportunities by combining internal resources with Near Field Communication (NFC) and Bluetooth Low Energy (BLE) technologies.
- Launched a mobile loyalty service in partnership with Homeplus and Amorepacific.

KT Smartro

Nov 2010–Dec 2012

Account Manager

- Analyzed markets and evaluated new business and investment opportunities.
- Developed tailored proposals for payment processing services.

Methods and Technical Skills

Methods: Quasi-experimental designs, difference-in-differences, matching methods, and randomized field experiments

Software: Stata, R / RStudio, Python, SAS, and MySQL

Other Tools: Microsoft Word, PowerPoint, and Excel
